PROFESSIONAL SUMMARY

Highly motivated Information Security student at the University of Hail, seeking a co-op training opportunity to apply cybersecurity skills in a real-world environment. Member of the Cybersecurity Club (CSC) and CyberWings Team, with hands-on experience in ethical hacking, penetration testing, and network security. Certified in eJPT, Ethical Hacking (Cisco), and Google Cybersecurity Specialization, currently preparing for CompTIA Security+. Adept at cyber threat analysis, risk assessment, and security implementation.

EDUCATION

Bachelor of Science in Information Security

College of Computer Science & Engineering, University of Hail, Saudi Arabia | 2021 – 2026

GPA: 3.56 / 4.00

CERTIFICATIONS

- eJPT (eLearnSecurity Junior Penetration Tester) – INE
 - Ethical Hacker – Cisco
 - Google Cybersecurity Specialization – Google
 - Cybersecurity Fundamentals – IBM
 - Artificial Intelligence Fundamentals – IBM
 - ITC Aramco Test
 - Effective English Communication – Edraak
 - Cybersecurity Incident Response Analysis – STC & Misk Skills
 - **CompTIA Security+** – Expected 2025
-

TECHNICAL SKILLS

- **Cybersecurity:** Penetration Testing, Ethical Hacking, Vulnerability Assessment, Network Security, Incident Response, Risk Assessment, Security Monitoring
 - **Programming:** Python (Scripting & Automation), Java, SQL (Database Security), HTML/CSS
 - **Security Tools:** Kali Linux, Wireshark, Burp Suite, Nmap, Metasploit, Nessus, SIEM
 - **Operating Systems:** Windows, Linux (Ubuntu, Kali), macOS, Mobile OS
 - **Frameworks & Standards:** NIST, OWASP, ISO 27001
 - **Languages:** English (Fluent), Arabic (Native)
-

EXPERIENCE

Cybersecurity Awareness Presenter

University of Hail | 2025

- Delivered a cybersecurity awareness session to over 100 students, covering phishing, ransomware, malware, and social engineering.
- Provided actionable security practices and demonstrated real-world threat analysis.
- Fostered engagement through interactive discussions, leading to increased campus-wide cybersecurity awareness.

Social Engineering Awareness Campaign Leader

CyberWings Team – Rally Hail 2025

- Led a campus-wide social engineering awareness campaign, presented to Dr. Zaid, President of the University of Hail.
 - Educated 200+ students and staff on attack techniques and protective measures.
 - Contributed to university cybersecurity initiatives, enhancing campus security culture.
-

SOFT SKILLS

- Strong analytical and problem-solving abilities in cybersecurity, with a focus on proactive threat prevention.
- Effective communication and presentation skills in both English and Arabic.
- Quick to adapt to new security tools and technologies.
- Collaborative team player with experience in leading cross-functional projects.
